DISCOUNT ON EARLY ORDERS. Ten per cent discount on all orders with remittance before April 10th, 1923.

GUARANTEE—I warrant my stock true to name, with the explicit understanding that, should any prove untrue, I will return the money paid or replace it with other stock; but I am not liable for damage beyond this. A sure indication of the purity of my stock is the fact that customers of former years continue to deal with me. Certificate of inspection is attached to each shipment.

HOW TO ORDER. Write plainly your name, post office, county and state; also give number of street or post office box, and the nearest express office.

PRICES. The prices quoted are for the quantities specified of a single variety. But 6 of any variety will be supplied at the dozen rate; 25 at the 100 rate; and 250 at the 1,000 rate. Less than 6 of any variety will be sold at the each rate only; except where a 3-price is given; less than 25 at the dozen rate only; and less than 250 at the 100 rate only.

ALL PLANTS SENT POSTPAID. At the prices quoted, all plants will be sent by parcel post, postpaid. Therefore in ordering you will know just what the total cost of the plants will be. On a few items that are rather heavy, I have also quoted prices by express not prepaid. In ordering at these prices, you will pay the express charges, when you receive the plants.

SAFE ARRIVAL OF PLANTS. I guarantee the safe arrival of all plants and roots sent by parcel post or express to all points in the United States. Should anything be injured in transit, I urge my customers to notify me at once on receipt of the goods, and in every case send me a list of what has been damaged so that I can replace them without delay. But when they arrive in good condition, my responsibility ceases, and if from inattention or other causes, they fail and complaint is then made, I cannot replace them.

PACKING. Plants are packed carefully and everything is labeled.

SUBSTITUTION. It is my custom, should the supply of any variety become exhausted (which sometimes occurs in all nurseries), to substitute in its stead a similar variety, properly labeled, of course. When it is desired that I shall not do this, it must be stated in the order. To simply affix the words "No substitution" is all that is necessary.

TERMS OF PAYMENT. Cash with order or before goods are shipped. I do not ship goods C.O.D. All orders are acknowledged as soon as possible.

REMITTANCES may be sent by Money Order, Check or Draft. If you send cash, use registered letter.

WHEN VARIOUS PLANTS CAN BE SHIPPED AND PLANTED. Perennial flower plants can be shipped and planted any time from early spring until the ground freezes in the fall. Annual flower plants are ready in May, June and July. Pansy plants can be shipped and planted any time from early spring until late fall. Dahlia and other summer-flowering bulbs can be planted from April until August. Tulip, Hyacinth, Crocus, Narcissus and other spring flowering bulbs can be planted any time during the fall. Berry Plants, Grapevines, Shrubs, Vines, Hedge Plants, Asparagus Roots, etc., can be planted any time during the spring and fall. Roses can be shipped and planted any time during the spring, summer and fall.
